

CONTINUITY MANAGEMENT

Measurable, End-to-End Collaboration & IT Management

- ✓ Maximum uptime - proactive issue identification and resolution
- ✓ Outcome based XLAs - Experience Level Agreements
- ✓ Security and compliance with ISO 9001 and ITIL compliant policies and procedures

Without Comprehensive Management, you're left vulnerable.

RESOURCES NEEDED EXCEED IN-HOUSE CAPABILITIES

The mix of technologies demands a diverse range of skills, which to be managed all in-house is untenable.

LACK OF VISIBILITY & CONTROL

Without asset, inventory and lifecycle management, along with reports and reviews you will lack vital visibility and control.

SECURITY & COMPLIANCE FAILURES

Unmanaged collaboration estates leave your organization at risk of non-compliance and security breaches.

No pain, all gain.

Let Yorktel shoulder the burden of managing your collaboration estate.

Comprehensive multi-vendor expertise enabling full end-to-end collaboration management.

- ✓ Global team of skilled resources to manage all collaborative technologies and solutions.
- ✓ Nearly 4 decades of experience as a Managed Services Partner.
- ✓ Vast holistic experience with and direct access to all leading vendors, backed up with top level certifications.

The End-to-end Collaboration Management your Organization needs.

**Zero Trust Security,
Ensuring Full
Compliance**

**Device and Service
Performance**

**Inventory
and Asset
Management**

**Actionable Business
Insights**

**Holistic
Lifecycle
Management**

**Lack of visibility, control, accuracy and
compliance will be just the beginning of the
problems with an unmanaged estate.**

Without comprehensive device and service management, you and your organization are left vulnerable.

Your Collaboration Management, in our safe, capable hands.
